

# SOUTH TRAIL TIMES

*Volume 4 / Issue 8*

## **AUGUST EDITION:**

### **It's about that time of year again here are some tips...**

- All passengers should wear a seat belt and/or an age & size-appropriate car safety seat or booster seat.
- If possible take an alternate route to/from work to avoid the school traffic
- Slow down and obey all traffic laws and speed limits.
- Be alert for school zones that have a reduced speed limit at designated times of the day.
- Watch for school buses. Red flashing lights and an extended stop arm indicate the school bus is stopping to load or unload children. State law requires you to stop.
- Keep an eye out for children walking in the street, especially where there are no sidewalks.
- Be alert for children playing and gathering near bus stops and for those who may dart into the street without looking for traffic.
- When backing out of a driveway or leaving a garage, watch for children walking or biking to school.
- When driving in neighborhoods or school zones, watch for young people who may be in a hurry to get to or away from school and may not be thinking about getting there safely.

---

Please remember with school starting to give yourself extra time in the morning and afternoons with the added traffic also watch for the children walking to and from school!

**CAR TIPS:** You can save yourself a lot of hassle in the hot-weather months by monitoring your car's fluids. Fluids that you should check include:

- Coolant: This is the big one. If your coolant/antifreeze level is too low, it can cause overheating.
- Motor oil
- Transmission fluid
- Brake fluid
- Power-steering fluid
- Windshield wiper fluid
