**It's Our
38th Anniversary!**

GAS PRICES GOT YOU

Here are some tips to save you money with every fill-up:

- Make sure your gas cap is secure - If you do not tighten it enough, gas can evaporate. You can lose gallons of gas a year this way (this applies to older cars).
- Do not speed - Just five miles over the limit can cost you 7% in fuel consumption.
- Go easy on take-off - Jackrabbit starts and slam-on-the brakes stops can cost you 10%.
- Do not idle your vehicle - We see many cars idling away just because the owners start them remotely. This seriously wastes gas and does not help the environment either.
- Make sure your air-filter is clean - A dirty filter can cost you 10% in gas mileage. (This should be inspected every 15,000 miles.)
- Car maintenance of all fluids and fuel injection cleaning is extremely beneficial to your vehicle, in many ways, but it also helps with fuel consumption.

Try these tips and start gauging your mileage. We think you will be pleasantly surprised at the money saved. Also, less fuel consumed is friendly to our environment.

It's Time To Celebrate Our Anniversary!

May is a special month at South Trail Tire & Auto Repair! It marks the 38th anniversary of the shop and my 15th year as owner. (Also, my wife and I are celebrating our wedding anniversary this month).

When I think back on the past 15 years, I remember all of our great customers who have helped make our business a success. We truly wouldn't be here without you and we appreciate the trust you have shown us. To show our gratitude, we like to give away a special gift each year.

This year's Anniversary Giveaway is a ruby teardrop and diamond pendant necklace. This lovely necklace features a natural ruby (0.4 cttw) and has a retail value of \$495.

Johnny Z

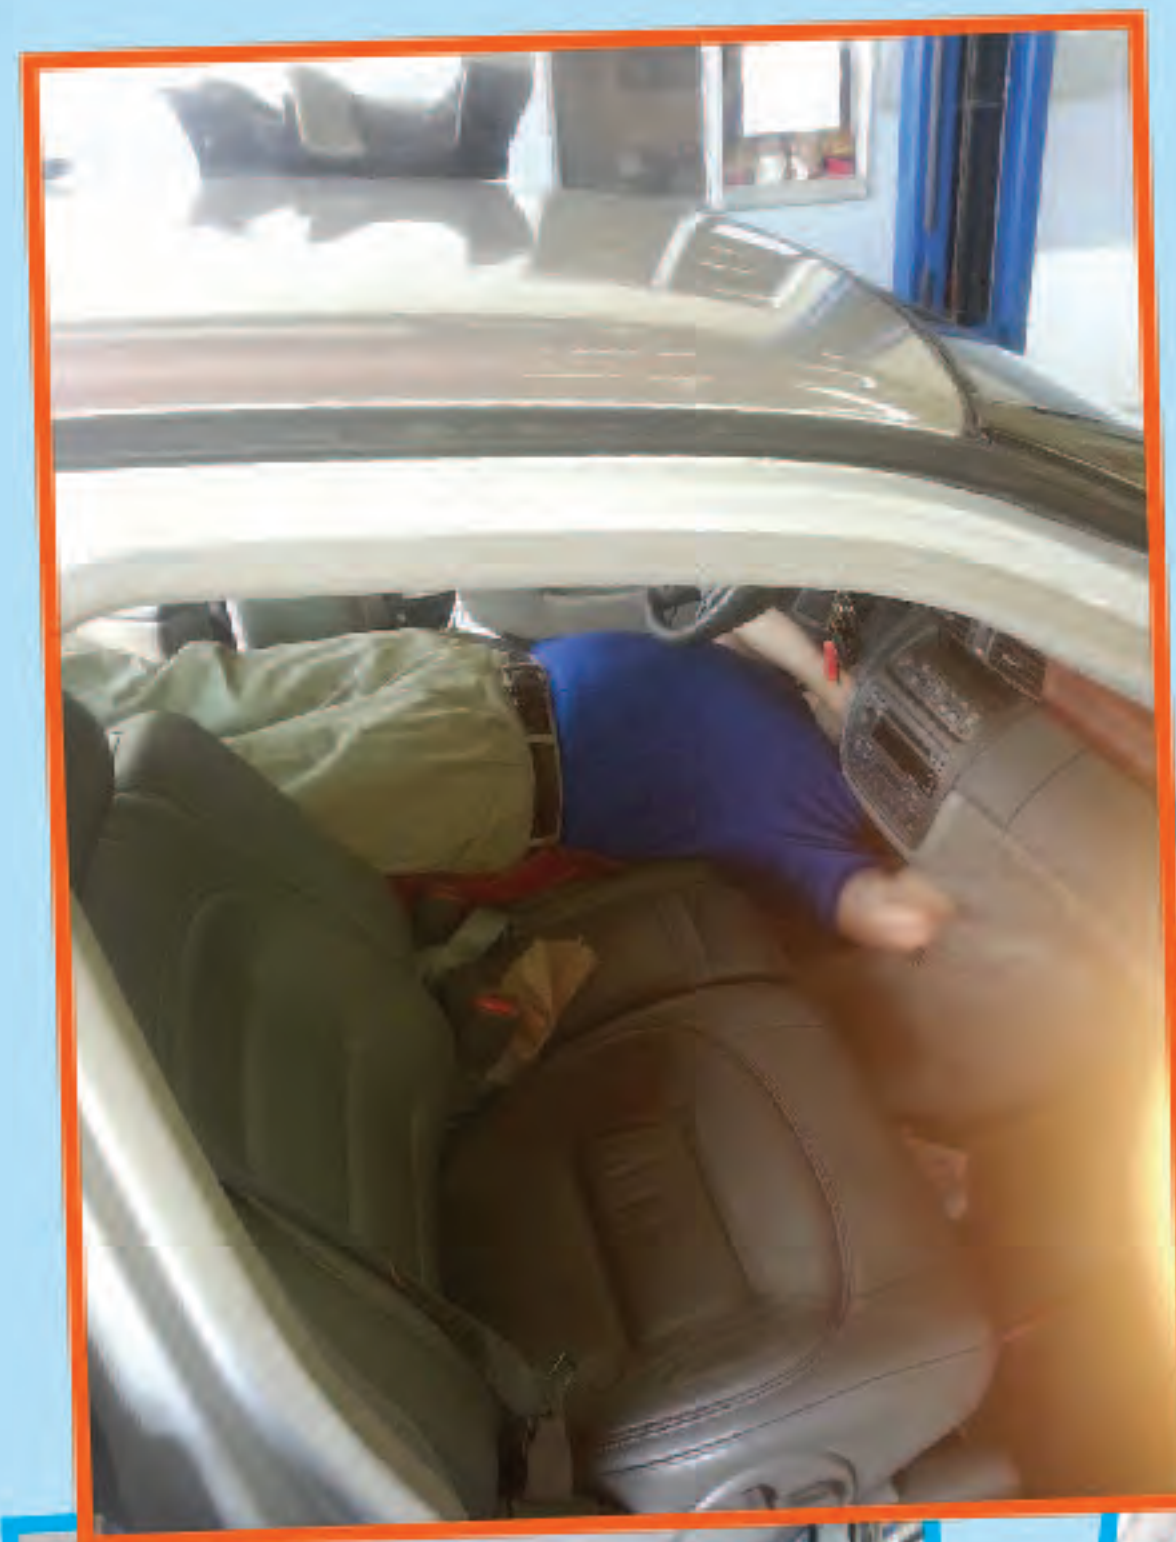

We encourage all of you, long-time customers and new, to participate! To enter the giveaway, bring your vehicle in for service during the month of May. For each \$100 increment in service (including tire purchases), you will receive an additional raffle ticket to win the necklace.

Can You Spot The Difference?

At first glance, these two pictures may look similar. But there are 15 things that are different in the bottom picture. Can you spot them all?

15 Years of Fun!

You never know what you might see at South Trail Tire & Auto Repair!
