SOUTH TRAIL TIRE & AUTO REPAIR

"Where Quality Isn't Expensive, It's Priceless"

5751 Youngquist Road Ste B • FT. MYERS, FL 33912 • (239) 433-4241 • www.southtrailtire.com

It's time to celebrate! May marks the 39th anniversary of South Trail Tire & Auto Repair and my 16th year as the proud owner!

We are so thankful for all of our amazing customers! You are the reason we can celebrate this milestone and we never take your business for granted. To show our gratitude, we like to give away a special gift each year.

This year's Anniversary Giveaway is a \$300 Gift Card to Cooper's Hawk, a new winery in our area!

We encourage all of you, long-time customers and new, to participate! To enter the giveaway, bring your vehicle in for service during the month of May. For each \$100 increment in service (including tire purchases), you will receive an additional raffle ticket to win the gift card.

Johnny Z

\$79.95 Bumper To Bumper Maintenance Special

Includes tire rotation and inspection of brakes, belts and hoses, battery and all light operation, 5 quarts of 5W30 Amalie oil (includes synthetic)*

Plus receive a FREE pair of Standard 31 series ANCO wiper blades. On the newer contour design, only 1 will be at no charge.

*Most cars and light trucks. Taxes, environmental fees & shop supplies are not included. Includes 5W30 Amalie oil. Many vehicles require synthetic oil to meet manufacturer requirements. Some restrictions apply. Expires 7/31/23.

How GREEN Can You Go?

Most of us are concerned with keeping our environment green. We buy the reusable bags for our shopping trips and combine driving trips to be more fuel efficient. All these seemingly little conscious efforts add up to help our earth.

It may surprise you to learn that the automotive service and repair industry has been one of the leaders in keeping our environment clean...even before it was a popular theme with the general public. We are very careful with waste disposal in every way. As an example, one gallon of improperly disposed of motor oil can contaminate a million gallons of drinking water! When consumers bring their car in for regular service it is one of the biggest benefits to cleaner air and the good news is...it saves you money too! In fact, it saves you money in more ways than one! It prolongs the life of the car you have, it saves money in fuel, and a regularly maintained vehicle saves you money on expensive repairs! It is a good deal all around.

Working together, we can all help our earth be a bit greener...
breathe a bit easier...and save ourselves more of our hard-earned cash.

DID YOU KNOW?

-  A regularly maintained car can last 50% longer.
-  A properly tuned car keeps your engine firing properly... one misfiring spark plug can waste 30% in fuel efficiency!
-  Keeping your tires checked and rotated makes them last longer and can help your engine work better and easier.
-  Clean filters make a more fuel-efficient vehicle.

Of course, it also helps not to drive like you are trying out for NASCAR or using it to transport or store heavy objects. All of this contributes to wear and tear on your vehicle too plus cuts way down on fuel efficiency.
